DECEMBER 2026 | NEW WORKING SCHEDULE

Hello everyone,

Celine and I have been carefully reviewing the restaurant's operations and working arrangements for some time. After considering everything, we have concluded that certain changes will be much more practical and efficient for both the team and the restaurant.

Our main goal is to create a more balanced, organised, fair and comfortable working environment for everyone.

We believe that having the entire team start work at the same time, finish at the same time and enjoy the same days off will create a much healthier working routine.

For this reason, we have decided to discontinue Tuesday dinner service and close the restaurant completely on Wednesdays and Thursdays.

This will give the entire team a total of 2.5 days off per week, including two consecutive full days.

We believe this new schedule will help everyone rest properly, have more time for themselves and their personal lives, and return to work feeling refreshed and motivated.

At the same time, we believe that working together on the same schedule will improve communication, teamwork and the efficiency of our daily operations.

The purpose of these changes is not simply to reduce the restaurant's opening hours. It is to create a more sustainable, fair and well-organised workplace that respects everyone's personal time while maintaining our service standards.

Having considered the needs of both the restaurant and our team, Celine and I believe this is the best arrangement for Listambul's future.

We will begin implementing the following changes in December 2026.

New Restaurant Opening Hours

- Monday: 12:30–16:00 / 19:00–23:00
- Tuesday: 12:30–16:00 (Lunch service only)
- Wednesday: Closed
- Thursday: Closed
- Friday: 12:30–16:00 / 19:00–23:00
- Saturday: 12:30–16:00 / 19:00–23:00

- Sunday: 12:30–16:00 / 19:00–23:00

Staff Working Schedule

- Start time: 11:45
- Last lunch kitchen order: 15:30
- Last dinner kitchen order: 22:15
- Planned finishing time: 23:30
- Tuesday afternoon/evening, Wednesday and Thursday: a total of 2.5 days off per week for the entire team

Important – Late-Arriving Tables

If a table arrives at around 21:50 or 22:00, orders must be taken promptly and sent to the kitchen without delay.

For tables arriving at these times, we will not follow the usual sequence of starters followed by main courses.

Starters and main courses should be served as soon as they are ready, without being held back, and together whenever possible.

Clear and accurate communication between the kitchen and front-of-house teams is essential to ensure smooth service without unnecessary delays.

Tuesday – Deep Cleaning and Stock Check

Every Tuesday, after lunch service, a thorough cleaning of the entire restaurant will take place.

This will include the kitchen, equipment, storage areas and dining/service areas.

As the restaurant will be completely closed on Wednesday and Thursday, all cleaning tasks must be completed on Tuesday.

A detailed stock check will also be carried out every Tuesday. We will review current kitchen inventory, identify missing items and check the ingredients needed for the weekend, then prepare the order lists.

Wednesday or Thursday – Supplier Orders

Based on the stock and requirements lists prepared on Tuesday, orders from Makro and Vegetables Lady will be placed on Wednesday or Thursday.

All orders must be arranged for delivery on Friday.

This will help ensure that the products we need arrive on time when we start work on Friday morning, allowing us to complete all preparations for the weekend services.

Careful ordering is also important to avoid unnecessary purchases and reduce food waste.
